Chrysalis Program

The Chrysalis Program at Sierra Tucson is a highly customized, patient-centered program within a safe and secure environment. Using an integrative model of care, we provide holistic treatment for those who need more structured support and personalized attention.

Gentle Approach

Patients who are admitted to the Chrysalis Program are those who may suffer with Major Depressive Disorder, chronic suicidality, Obsessive Compulsive Disorder (OCD), Delusions, Eating Disorders, PTSD, schizophrenia, bipolar disorder and can benefit from the Program's gentle approach, while experiencing the clinical excellence that has defined Sierra Tucson for over three decades.

Personalized Experience

This sub-acute inpatient program, housed within our state-of-the-art 30,000 square foot, Joint-Commission accredited Copper Sky building; is designed to serve those who require individualized treatment with wrap-around services.
